ROBAM

ROBAM
WORLD CLASS LEADER
OF PREMIUM KITCHEN
APPLIANCES

SINCE 1979

CONTENTS

THE ROBAM STORY

ROBAM is devoting to creat all the good aspirations of human beings for kitchen life, wishing more and more families enjoy the cooking happiness brought by ROBAM.

ROBAM Group, one of the world well known kitchen solutions provider. As one of Asia's top 500 brands, it has the highest reputation in Asia and take the largest share in the markets in many countries.

With around 42 years history, It has constantly set foot in the kitchen appliances industry and guided the industry development though continuous technical innovation. ROBAM Group owns six production bases, in the meanwhile global enterprises from Korea, France, Turkey etc....also provide customized products for ROBAM continuously, Fully reflects the globalization of manufacturing, technology and quality marks.

With the supporting of over 10,000 employees and global partners, the brand value of ROBAM Group is approaching to five billion dollars. Over 45 million global customers already benefited from ROBAM and is committed to achieve the goal of 50 million.

ROBAM 老板电器

INTELLIGENT MANUFACTURING
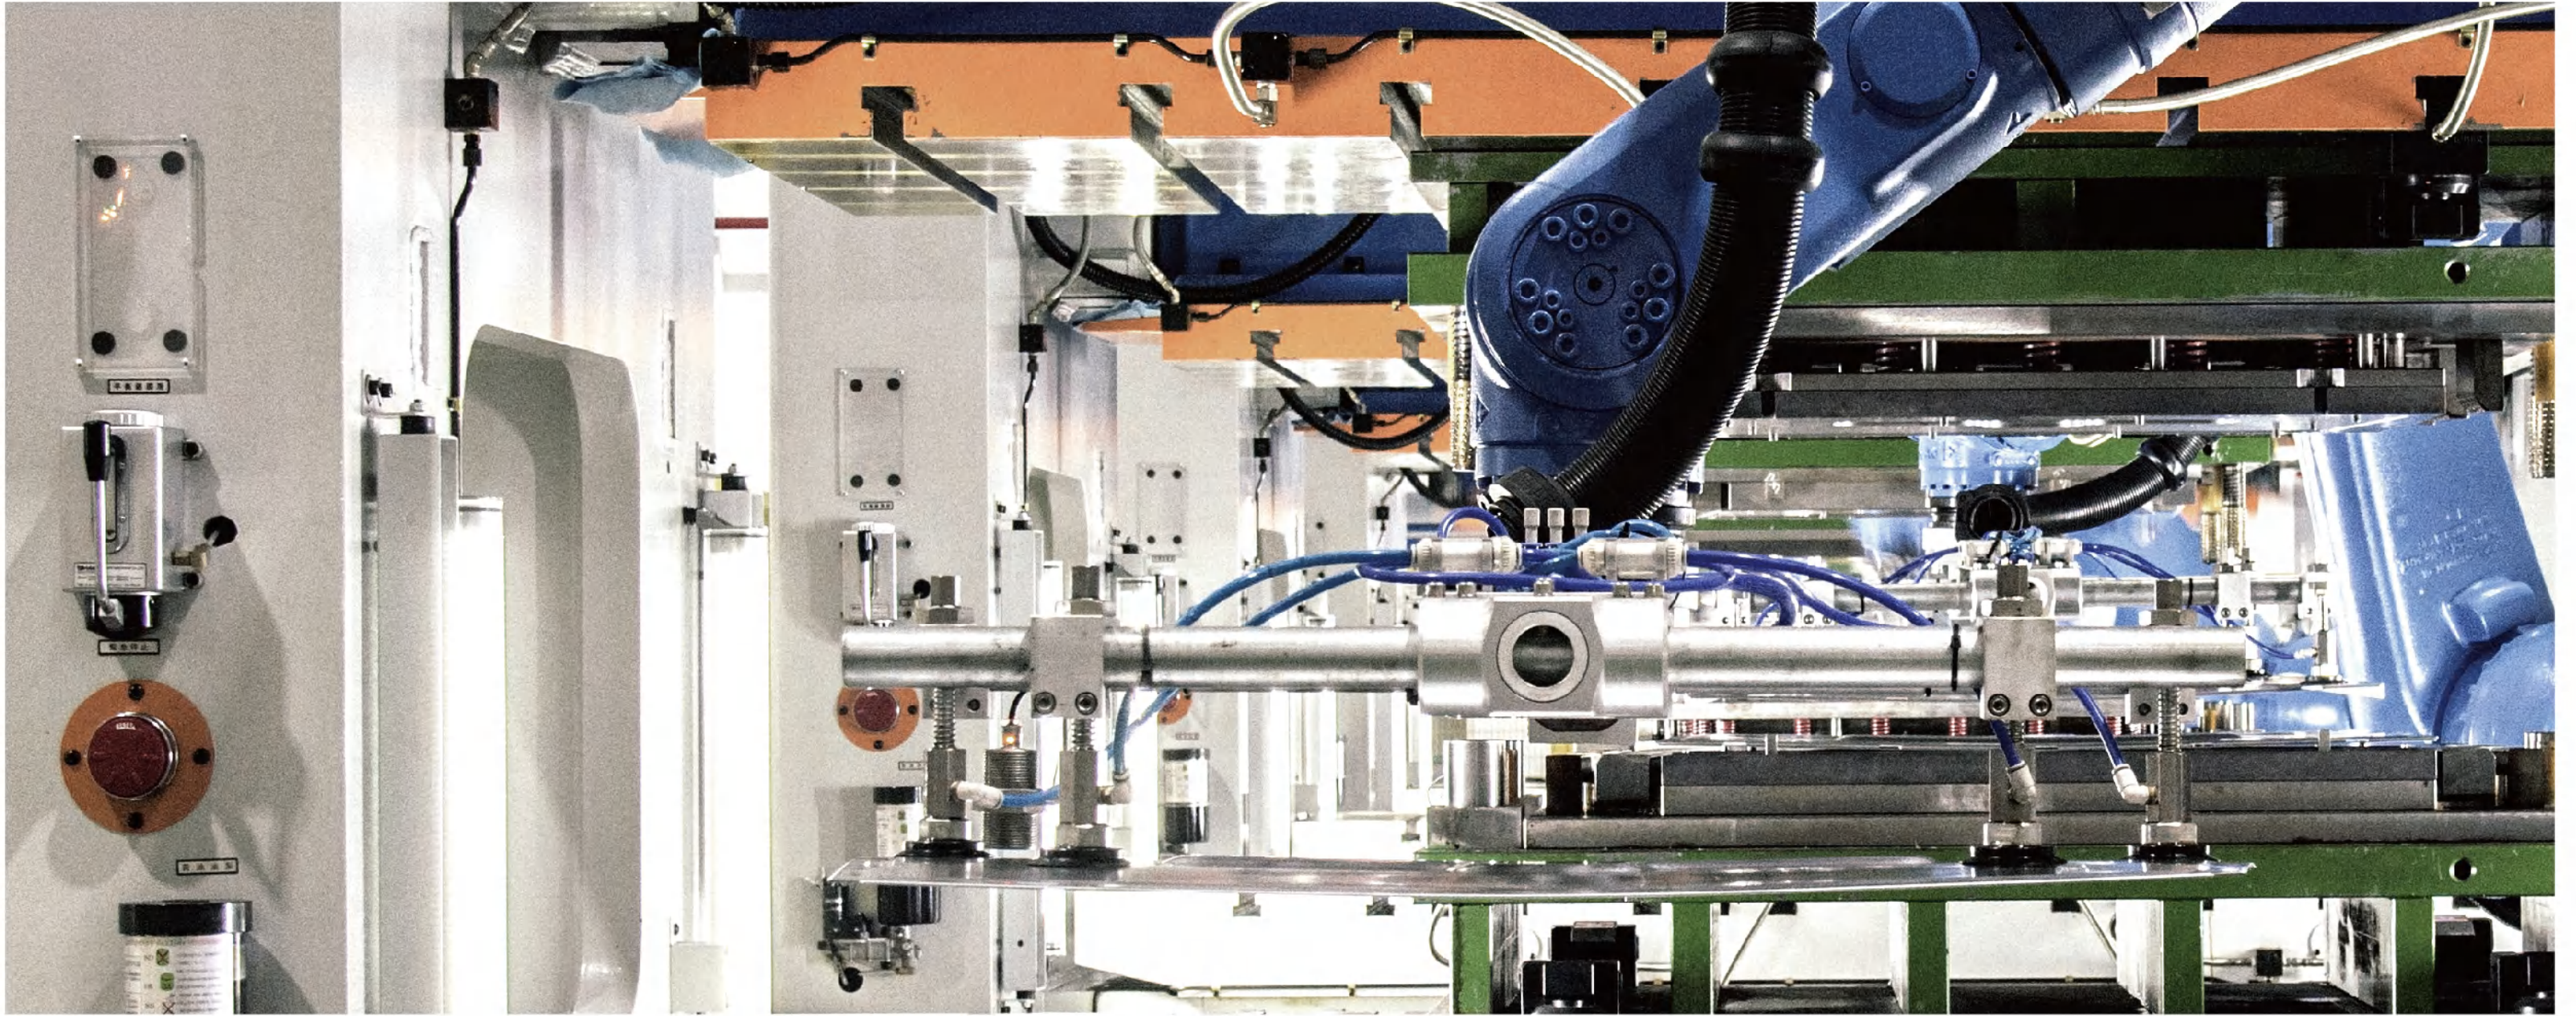

We designed a full set of system architecture of kitchen appliances intelligent manufacturing which is based on automation equipments, centered on MES and realizes the real-time interconnection between robots, production materials, equipments, AHV these factors by the Intelligent sensor technology and the industrial IOT network spreading all across the factory.

It can fully collect the manufacturing progress, on-site operation, quality inspection, equipment status, and further realize advanced sensor, management, testing, assembly, logistics as well as the high integration of intelligent technological equipments and production management software to set up the unmanned factory based on 5G technology.

RECOGNIAED
BY THE WORLD

Since its inception, ROBAM has been building on its heritage of product innovation and creating kitchens that are stylish and clean.

iF DESIGN AWARD 2020
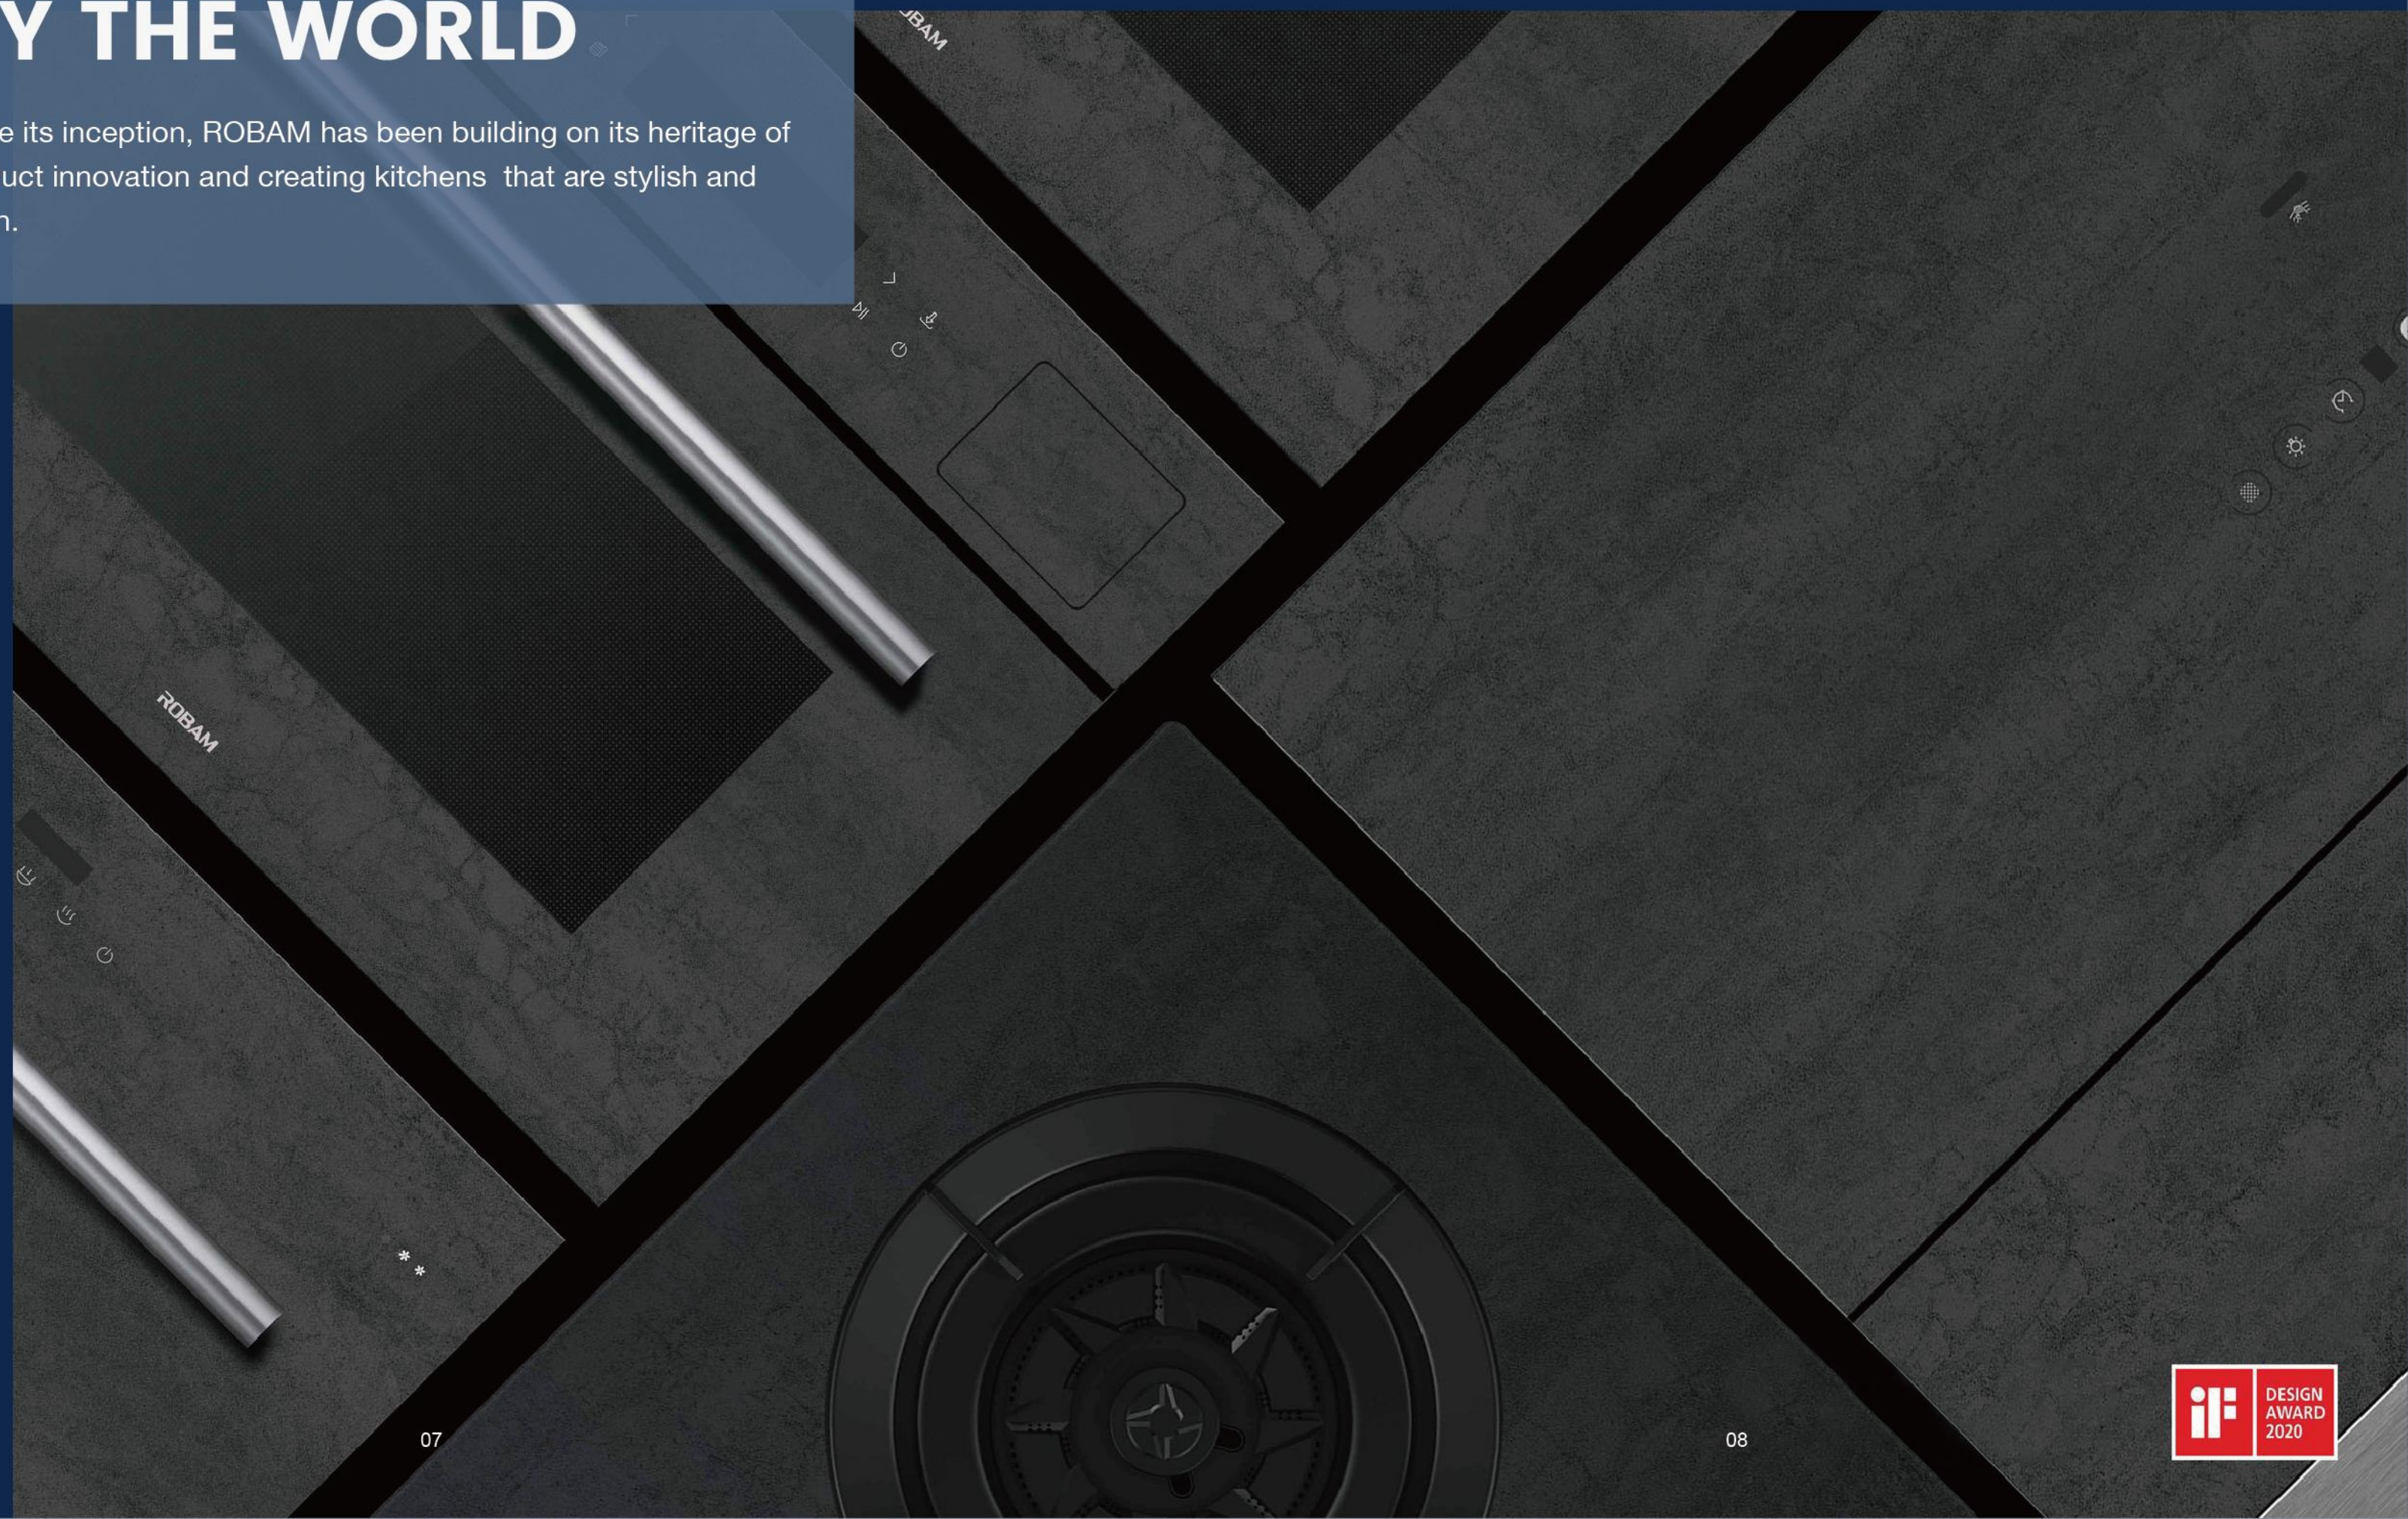

Awards

ROBAM is constantly inventing, designing and creating extraordinary products, and its sterling reputation as a leading kitchen expert is enforced by the brand's regular presence in international awards shows such as the iF Design Award, the Reddot Design Award and the CIDF.
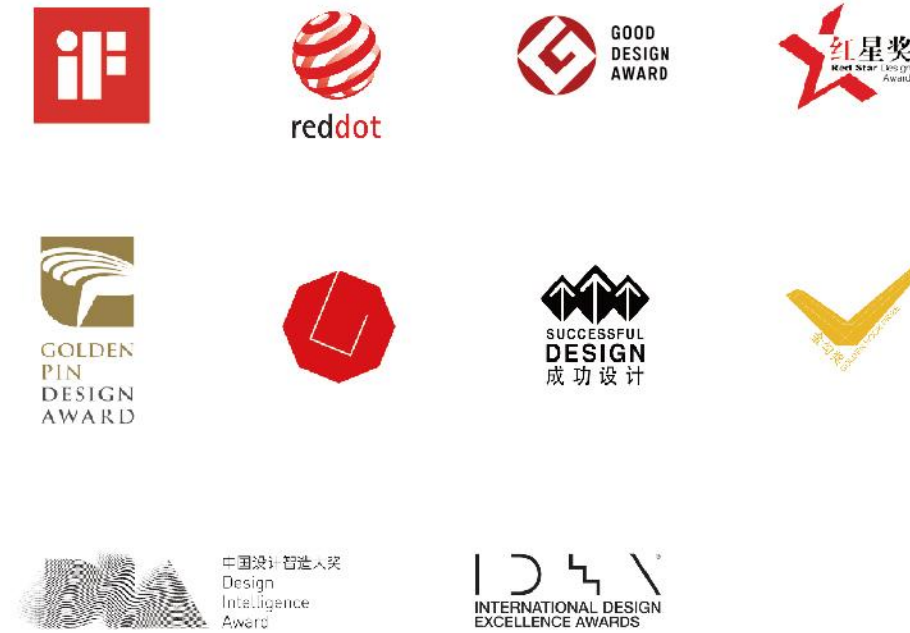

International Certification

1491
valid patents

234
world product certifications
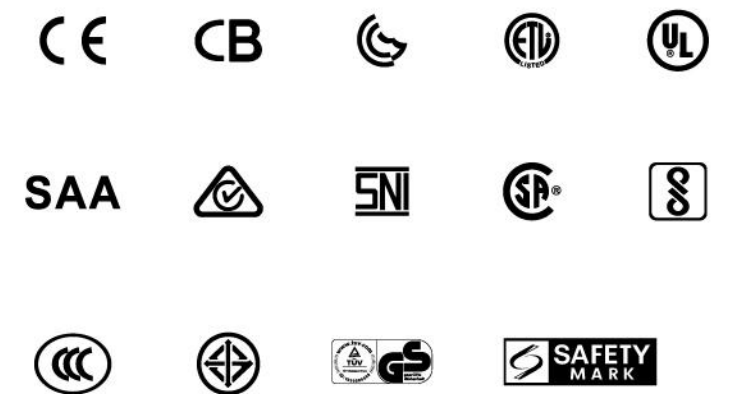

Quality Promise

To protect the rights and interests of consumer, all ROBAM products are underwrote by AIU (American International Underwriter) who is a subsidiary of the world class insurance group named AIG (American International Group) with a premium product liability insurance.

ROBAM not only enables consumers to enjoy easy cooking brought by advanced technology, but also provides multiple safeguards for your life.

THE WAY
OF INNOVATION

Just as many other leading enterprises in the world, Robam is driven by the increasingly innovative technology to move forward.

The powerful suction system of the range hood originally created by Robam, defines the criteria of powerful suction from the all-round suck, powerful filtering, quick ventilation and energy efficiency.

It has led the revolution of suction in the industry for many times.

The powerful flame, 3D flame and the concentrated powerful fire technology has greatly improved the heat efficiency.

The professinal double temperature control oven allows two temperatures to coexist in one cavity and achives precise 1℃ baking.

The omnidirectional heating tubes makes the baking faster and more uniform.
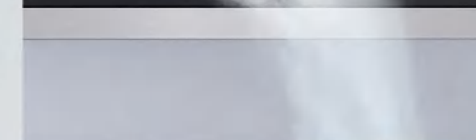

ROBAM intelligent three-core steam oven can eliminates condensed water with the u-shape top heating tubes, so that to ensure the steaming taste of food after opening the door.

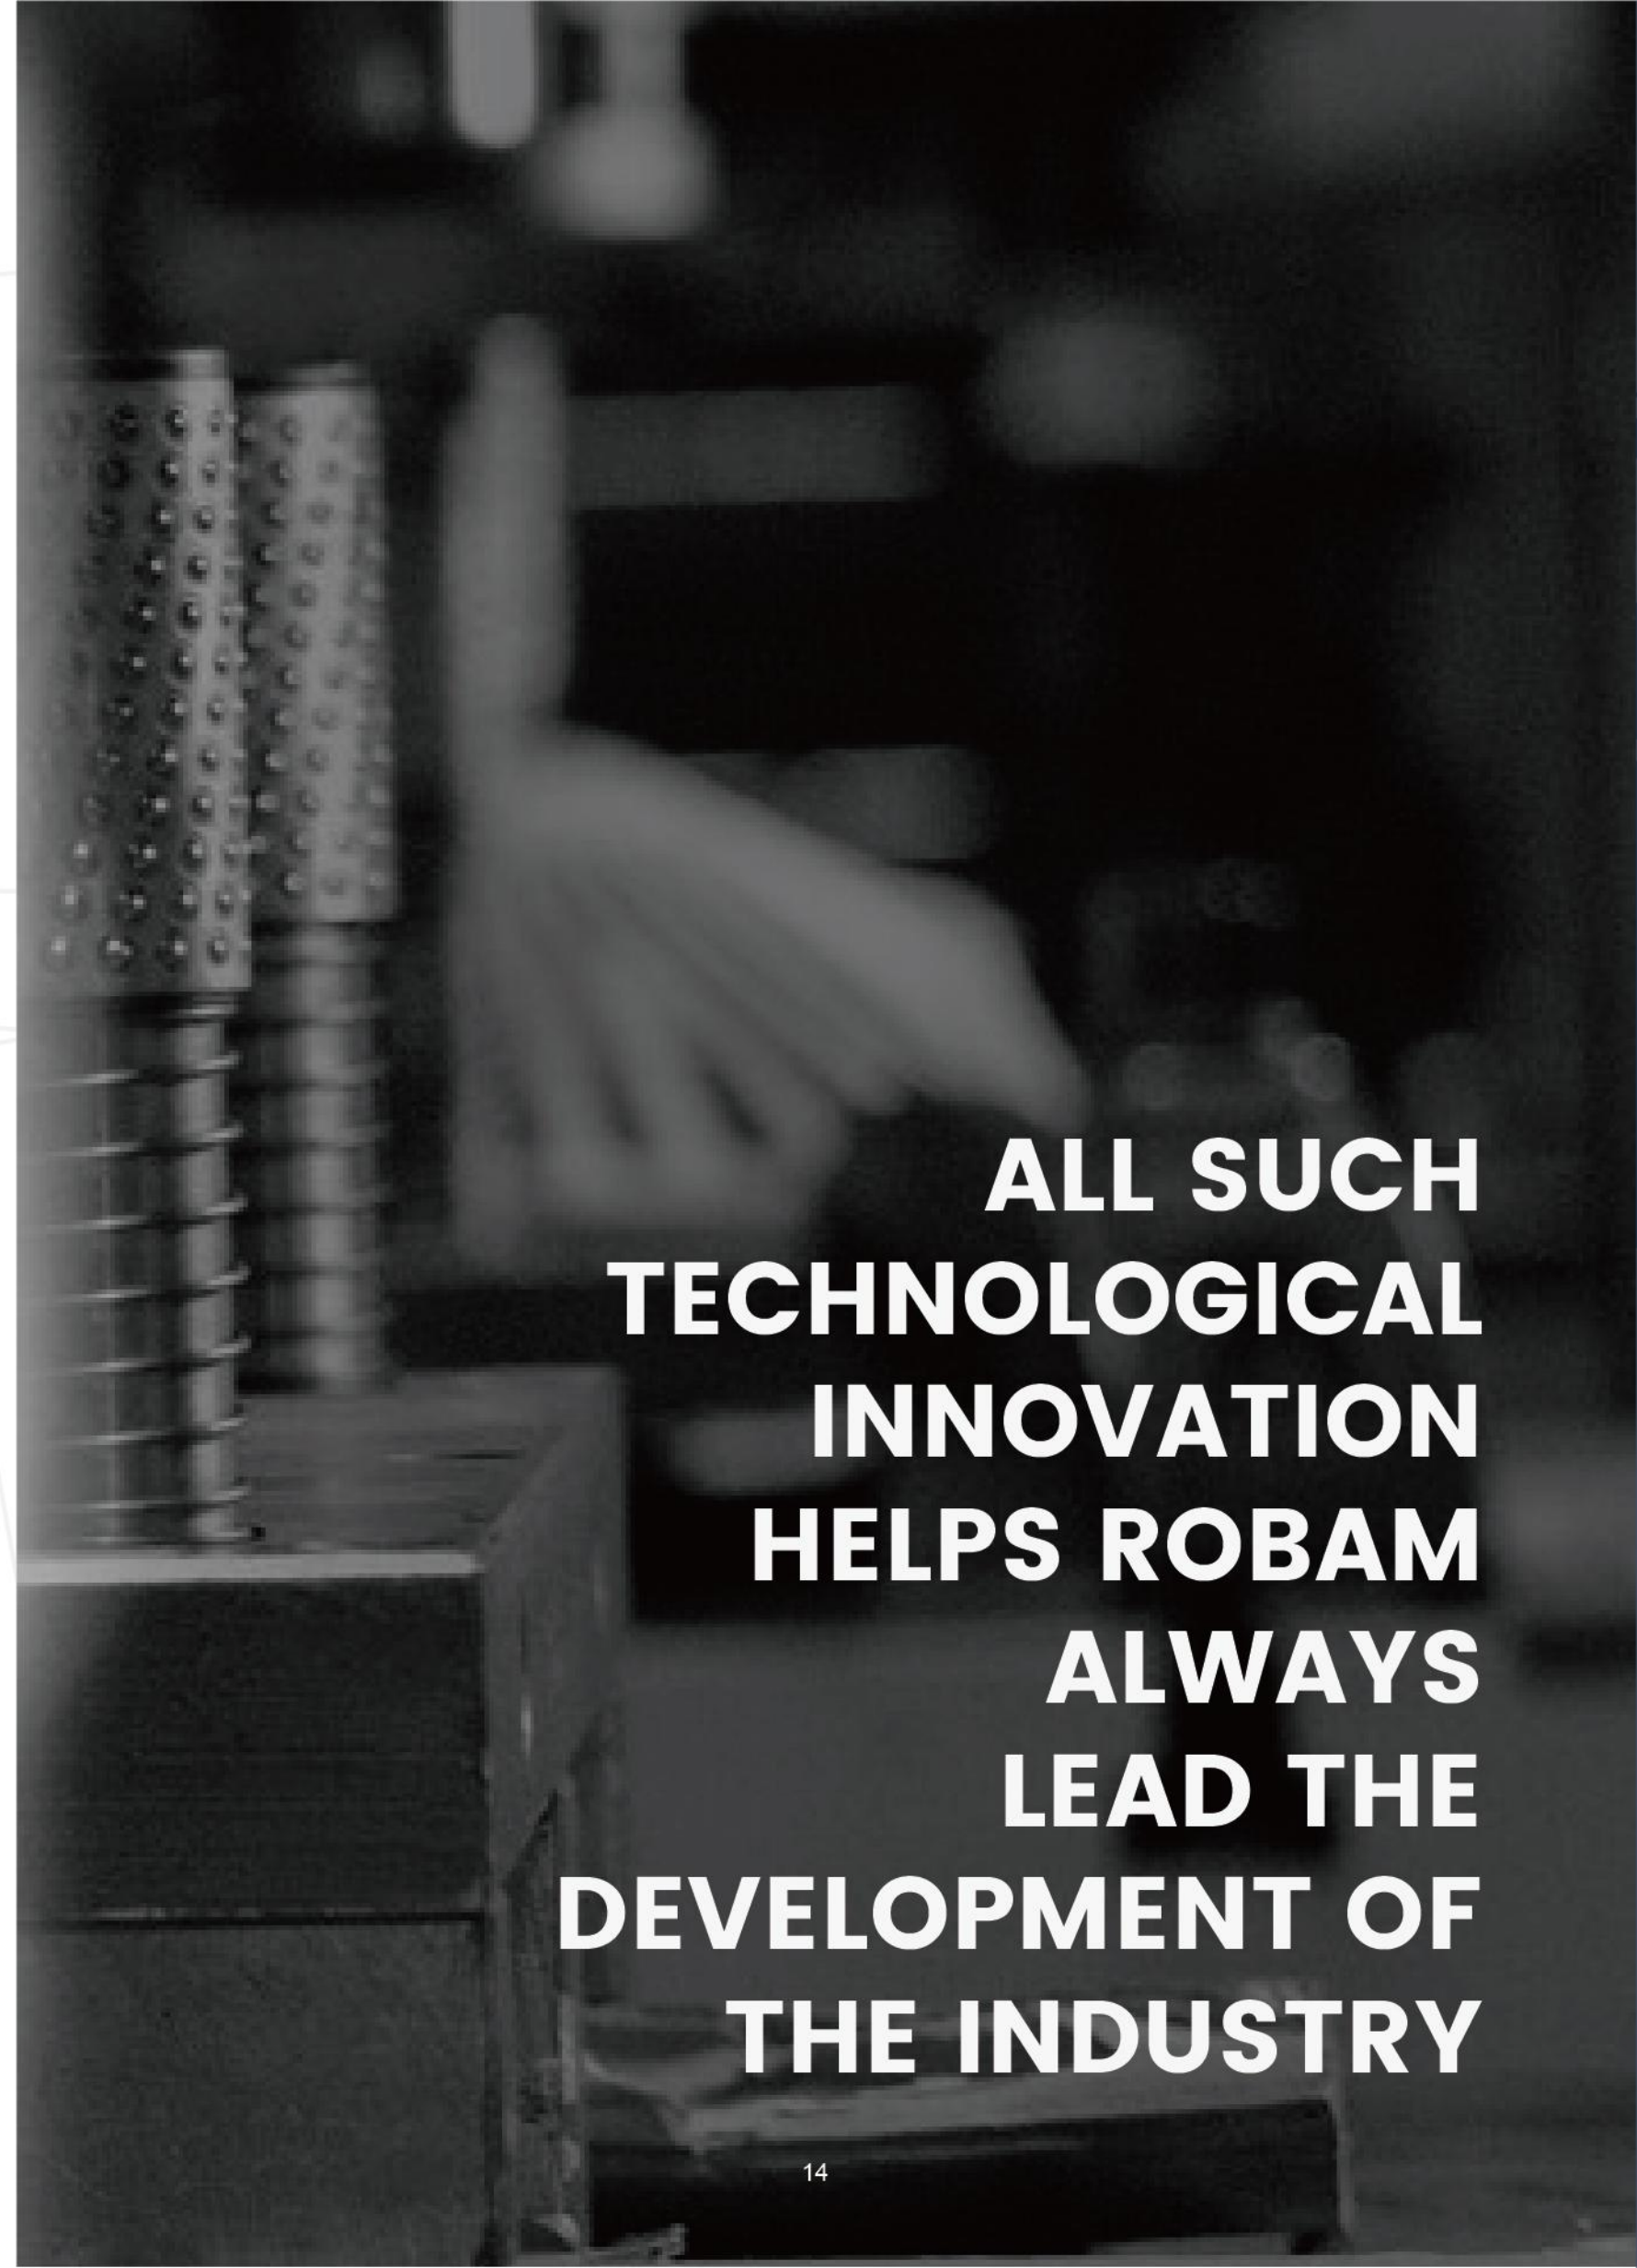

The mulitifunctional combi steam oven combines both steaming and baking, saving more kitchen space but bring better taste.

The inverter technology makes your life easier and brings you more efficient and more intelligent cooking life.

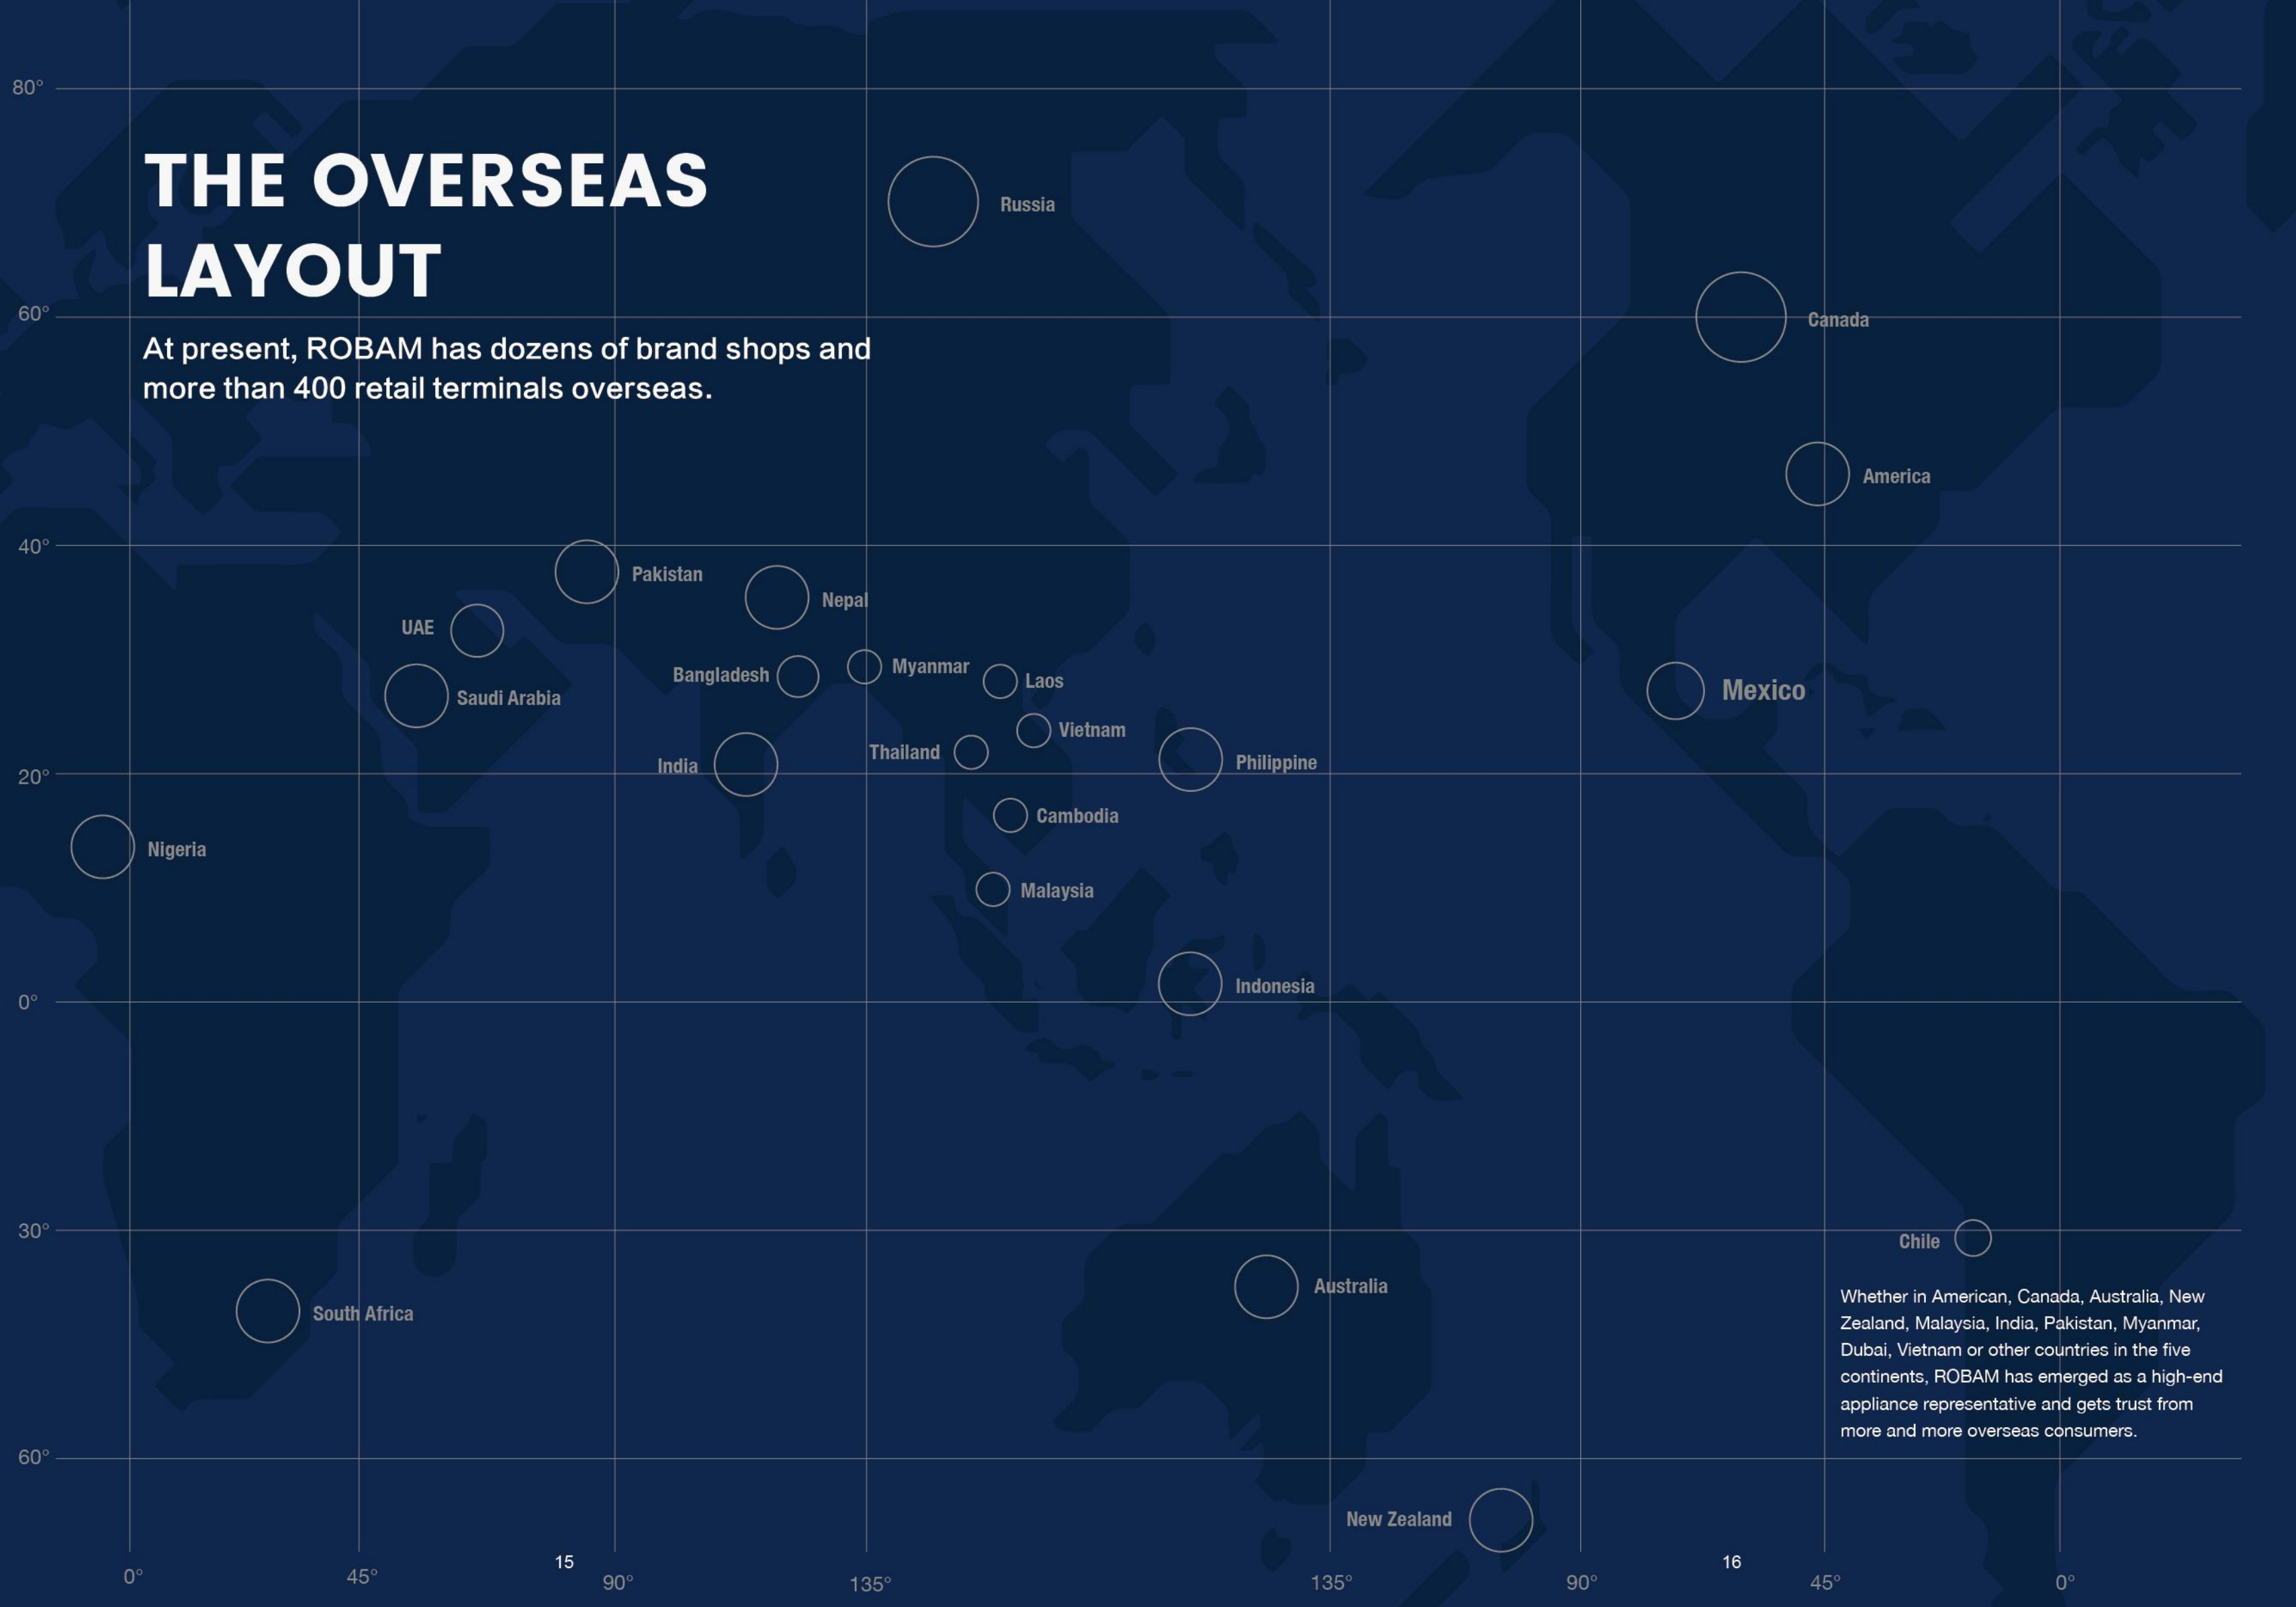

The dishwasher imported from France specializes in the large capacity and powerful washing effect.

ALL SUCH TECHNOLOGICAL INNOVATION HELPS ROBAM ALWAYS LEAD THE DEVELOPMENT OF THE INDUSTRY

THE OVERSEAS LAYOUT

At present, ROBAM has dozens of brand shops and more than 400 retail terminals overseas.

CORPORATE CULTURE

We'll never forget why you started and
execute it by heart.
Create all beautiful aspirations for the
cooking life of human beings.

SOCIAL
RESPONSIBILITY

THE LAKE
Public Welfare Project

In 2016, Robam coordinated with The Nature Conservancy, Rong Design Library, PINWU Design Studio launches together the project of protecting the source of drinking water of Qingshan village-The Lake.

The design concept of his project starts with kitchen life, coordinated with the native villagers and interprets the beauty of combination of traditional culture and modern life style with various handicraft works.
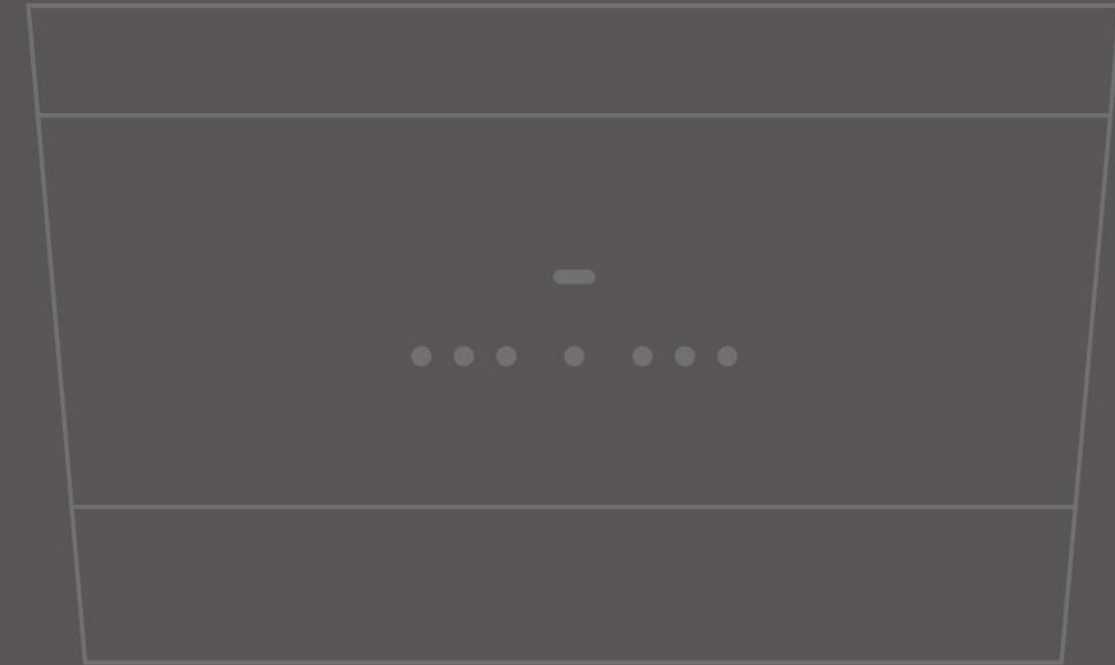

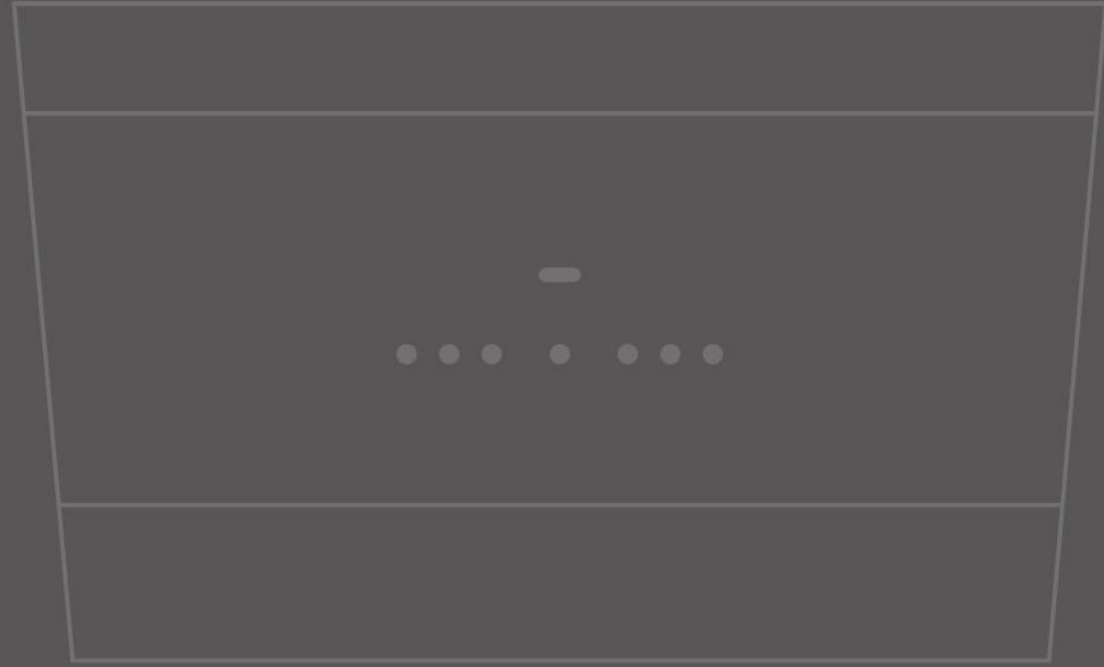

Anti-epidemic
Public Benefit

During the pandemic covid-19 period in 2020, every distributor of Robam appliances in the world carried out public benefit activities actively and make their own contribution for the anti-epidemic career by caring for the consumers.

RANGE HOOD

RANGE HOOD

1 Double static pressure, greater suction power.

800pa-1000pa immediate exhaust, double static pressure, highly effective smoke gathering canopydesign.
Recommended: A837/A830/A831/A832/A675S

2 Brushless DC motor

BMC integrated reinforced structure with all-round heat insulation technology. Full pressure efficiency of more than 30%. Quiet with noise as low as 42dB.
Recommended: A837/A830/A832/A675S

3 No need to disassemble for cleaning

The fish-scale liquid separation process is used to prevent the oil and the grease separation can reaches up to 98%. The effective separation of fume makes the inner cavity clean as new.
Recommended: A837/A815/A670/A675S

4 Strong core equipped with 360° tornado suction

The turbine was designed of golden ratio and it is placed vertically to ensure to intake fume on both sides; the BLDC inverter motor can provide enough power, so as to quickly prevent fume from spreading.
Recommended: A900/A837/A817

5 An expert in caring family by wide absorption of fume

Wide screen covering all areas and preventing leakage of fume.
Recommended: A675S/A670/A672

6 Intelligent sensor

Liberating your hands as well as a protection of range hood, maintaining clean hands.
*Recommended: A670/A675S/A672*

CXW-220-A900

Product Size:	600x645x900mm (WxDxH)
Motor Power:	220W
Maximum Air Flow Rate:	1080m³/h
Max Static Pressure:	350Pa
Noise:	≤ 68dB(A)

Features

19m³/min ultra-high suction power, provide a clean kitchen;

Perfectly combines technology with aesthetics, recovers the clean charm of kitchen from inside out;

Control interface, far infrared real-time monitoring, free switch of wind power at different levels;

Made of pure stainless steel, fume is easily exhaust out;

360° universal strip light creates all-dimensional shadowless cooking view;

Installation
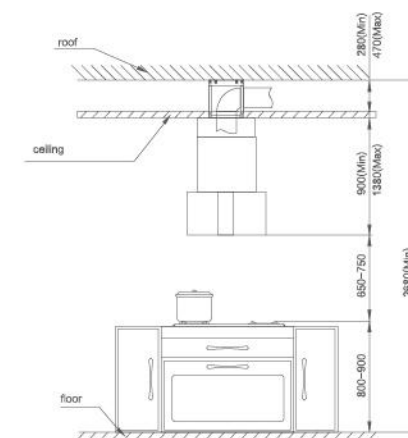

CXW-260-A835S

| Product Size:	895x410x668mm (WxDxH)
Motor Power:	260W
Maximum Air Flow Rate:	1500m³/h
Max Static Pressure:	1000Pa
Noise:	≤ 50dB(A)

Features

Super power, up to 1000Pa Static pressure;

Super airflow rate, exhaust the fumes in seconds;

AI smart gesture control, by waving your hand;

50d(B)A Low noise, be more quiet;

BLDC inverter motor;

Double cavity for collecting fumes;

Seperate control of two sides;

Certificate

CB / RCM / SIRIM / ETL / HVI

Installation

CXW-200-A837

|	
Product Size:	895x504x684mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1200m³/h
Max Static Pressure:	800Pa
Noise:	≤ 53dB(A)

Features

800Pa Max static pressure;

BLDC inverter motor;

Turbo function for stir-fry;

FOC Intelligent quick speed control system;

Non-disassembly and wash free;

Certificate

RCM / SIRIM / cETLus / FCC / CEC / IC

Installation

CXW-200-A829

Product Size:	895x504x684mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1200m³/h
Max Static Pressure:	430Pa
Noise:	≤ 57dB(A)

Features

Diamond cutting craft;

Deep Cavity;

Nano oil-free coating;

Turbo function for stir-fry;

Timer function;

Filter cleaning reminder;

Premium Grade 304 Stainless Steel filter;

Non-disassembly and wash free;

One-minute turn off delay;

Certificate

SIRIM / RCM / ECAS / RoHS / Saber / LOA / CoC / cETLus / FCC / CEC / IC

Installation
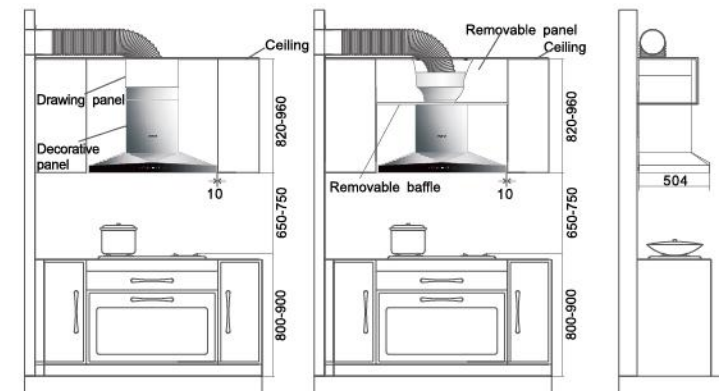

CXW-220-A828

|	
Product Size:	895x504x640mm (WxDxH)
Motor Power:	220W
Maximum Air Flow Rate:	1200m³/h
Max Static Pressure:	420Pa
Noise:	≤ 56dB(A)

Features

4.3-inch HD Touch Screen;

Smart recipe display;

Air detection and purify;

Filter cleaning reminder;

Turbo function for stir-fry;

Premium Grade 304 Stainless Steel filter;

Non-disassembly and wash free;

One-minute turn off delay;

Certificate

RCM / SIRIM / LOA / CoC

Installation
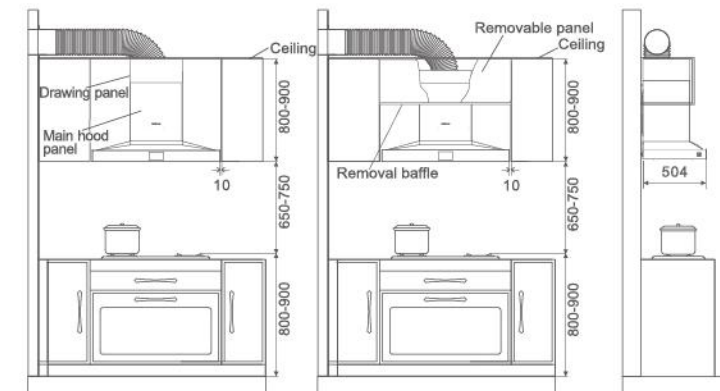

CXW-200-A825

|	
Product Size:	895x504x684mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1200m³/h
Max Static Pressure:	430Pa
Noise:	≤ 57dB(A)

Features

Deep Cavity;

Nano oil-free coating;

Premium Grade 304 Stainless Steel filter;

Non-disassembly and wash free;

One-minute turn off delay;

Certificate

SIRIM / RCM / ECAS / RoHS / Saber / LOA / CoC

Installation

CXW-200-A852

Product Size:	895x513x695mm (WxDxH)
Motor Power:	220W
Maximum Air Flow Rate:	1260m³/h
Max Static Pressure:	410Pa
Noise: 🇺🇸	≤ 53dB(A)

Features

1260m³/h large suction;

Double cavity can exhaust the fume with 8 directions;

Unique style design can gater the fume and oil from spilling;

Intelligent wave hands 2.0;

60S delay shutoff;

Certificate

CB / RCM

Installation

CXW-200-A818

Product Size:	895x504x652mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1140m³/h
Max Static Pressure:	350Pa
Noise:	≤ 57.5dB(A)

Features

Bertoia geometric design;

A++ easy-clean filter;

Turbo function for stir-fry;

Filter cleaning reminder;

Timer function;

Non-disassembly and wash free;

One-minute turn off delay;

Certificate

SIRIM / RCM / ECAS / RoHS

Installation

CXW-200-A832

Product Size:	895x510x560mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1020m³/h
Max Static Pressure:	800Pa
Noise:	≤ 56dB(A)

Features

800Pa Max static pressure;

BLDC inverter motor;

Super carbon filter;

Slider control;

Could be embedded to the cabinet;

Certificate

RCM / SIRIM / Saber / cETLus / FCC / CEC/IC

Installation

CXW-200-A831

Product Size:	29-⅞ x21-¼ x22" (WxDxH)
Motor Power:	200W
Max Static Pressure:	800Pa
Noise:	≤ 68dB(A)

*SPECIALLY FOR NORTH AMERICAN KITCHENS 🇺🇸 🇨🇦

Features

Small size design and perfect combination with cabinet;

Double wind pressure and powerful suction;

Humanized design of slider control;

DC inverter motor;

Combination of outer exaust and inner recycle;

Certificate

cETLus / FCC / CEC / IC

Installation

CXW-200-A830

Product Size:	595x510x560mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1020m³/h
Max Static Pressure:	800Pa
Noise:	≤ 56dB(A)

Features

800Pa Max static pressure;

BLDC inverter motor;

Super carbon filter;

Slider control;

Could be embedded to the cabinet;

Certificate

RCM / SIRIM / SONCAP / Saber

Installation
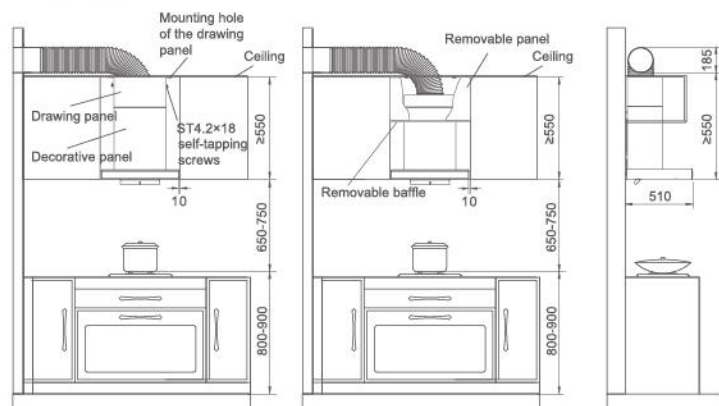

CXW-220-A817

Product Size:	895x500x537mm (WxDxH)
Motor Power:	220W
Maximum Air Flow Rate:	1140m³/h
Max Static Pressure:	340Pa
Noise:	≤ 58dB(A)

Features

A++ easy-clean filter;

Turbo function for stir-fry;

Head injury protection;

Non-disassembly and wash free;

One-minute turn off delay;

Certificate

RCM / SIRIM / ECAS / RoHS / LOA / CoC / cETLus / FCC / CEC / IC

Installation
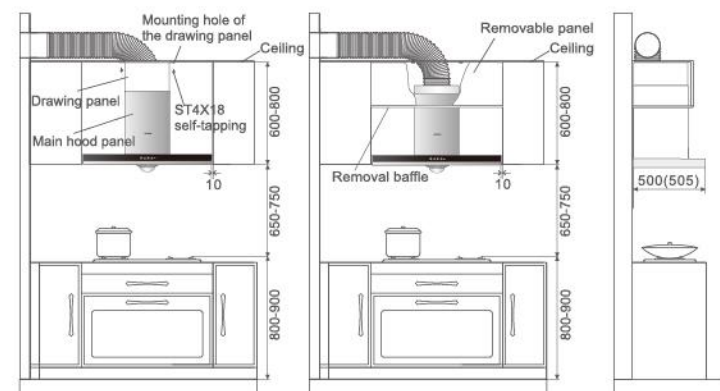

CXW-200-A851

Product Size:	895x505x537mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1080m³/h
Max Static Pressure:	360Pa
Noise:	≤ 55dB(A)

Features

Double core system 3.0;

360Pa big static pressure, rapid smoke extraction;

A++ mesh to achieve more than 92% oil separation;

Oil mesh with 24 oil -way tubes, the oil slides quickly without leakage;

A new generation of no-washing internal cavity technology help free from removing and washing;

One minute delay shutdown;

Certificate

CB / RCM

Installation
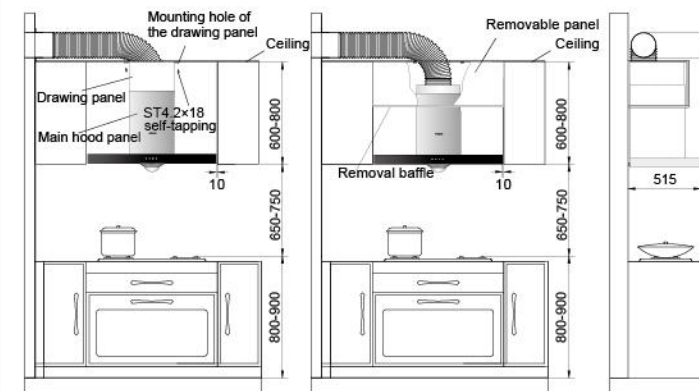

CXW-220-A815

Product Size:	895x505x537mm (WxDxH)
Motor Power:	220W
Maximum Air Flow Rate:	1140m³/h
Max Static Pressure:	340Pa
Noise:	≤ 58dB(A)

Features

Turbo function for stir-fry;

Tiger* environmentally friendly coating body;

Non-disassembly and wash free;

One-minute turn off delay;

Certificate

RCM / SIRIM / ECAS / RoHS / LOA / CoC

Installation
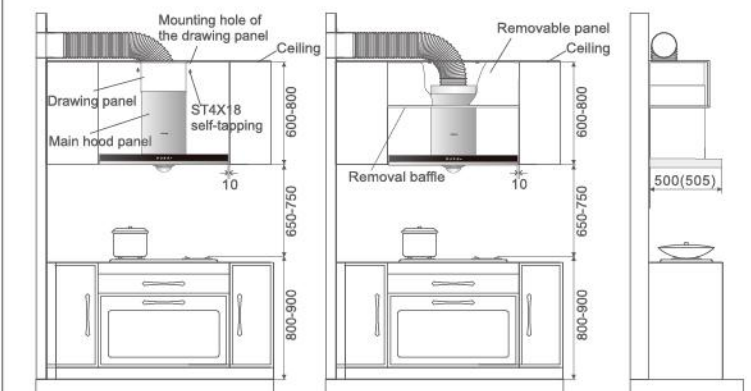

CXW-200-A816

Product Size:	895x480x528mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1020m³/h
Max Static Pressure:	310Pa
Noise:	≤ 58.5dB(A)

Features

360° tornado powerful suction;

A++ easy-clean filter;

Non-disassembly and wash free;

Certificate

SIRIM / ECAS / RoHS / RCM

Installation
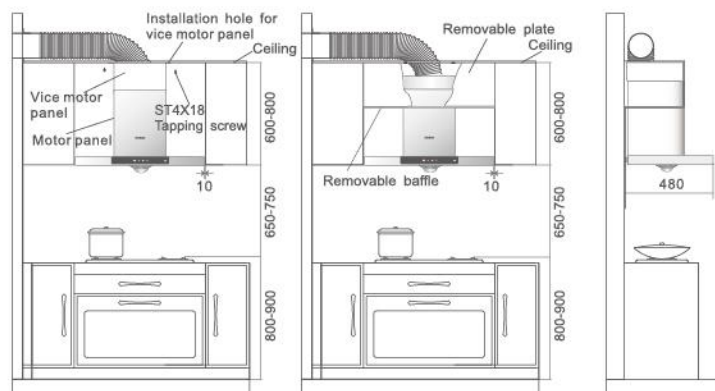

CXW-320-A819 (600/900)

Product Size:	600(900)x485x447mm (WxDxH)
Motor Power:	320W
Maximum Air Flow Rate:	1000m³/h
Max Static Pressure:	490Pa
Noise:	≤ 68dB (A)

Features

Super motor brings efficient suction and forcibly takes away fume;

Four gears of air force allow adjustment at will;

A higher gear for stir-fry and a lower gear for soup cooking to keep kitchen clean and fresh;

Three layers of aluminum mesh are overlapped to intercept and separate oil and smoke fast;

Disassemble snap joint allows taking-out of the oil screen by a gentle press;

Installation
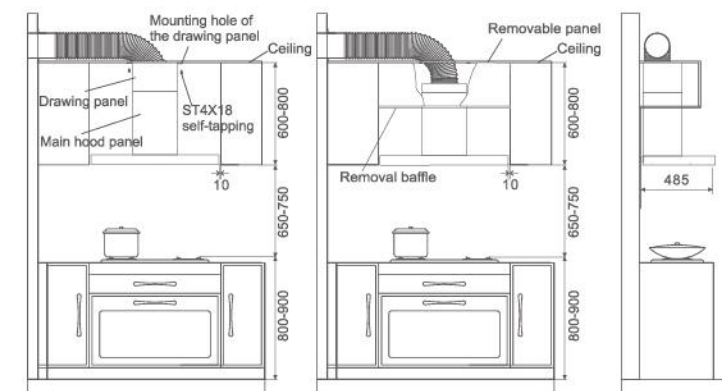

CXW-200-A605

Product Size:	595x440x529mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1020m³/h
Max Static Pressure:	310Pa
Noise:	≤ 58dB(A)

Features

430 stainless steel body;

Fingerprint proof coating;

Non-disassembly and wash free;

One-minute turn off delay;

Certificate

RCM / LOA / CoC / ECAS / RoHS / LOA / CoC

Installation
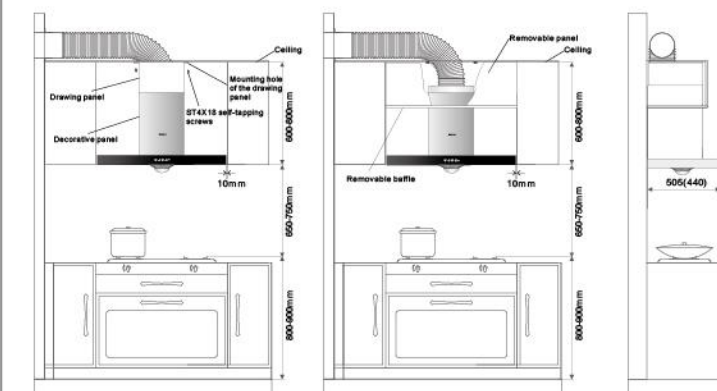

CXW-220-A807

Product Size:	595x440x529mm (WxDxH)
Motor Power:	220W
Maximum Air Flow Rate:	1110m³/h
Max Static Pressure:	330Pa
Noise:	≤ 58dB (A)

Features

360° tornadic air suction, 320Pa air pressure, faster extraction & exhaustion;

Patented A++ strainer filters heavy oil molecules, to ensure interior cavity is clean and operation is stable;

Quick oil cleaning technology, self-cleaning of lotus leaf effect, non-adhesive oil stains;

Integrated smoke collecting cavity is made of painting;

Humanized fastener, removable strainer, simple cleaning;

Installation

CXW-200-A812

Product Size:	895x520x545mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1020m³/h
Max Static Pressure:	310Pa
Noise:	≤ 58dB(A)

Features

Elegant design;

Gas sensor&heat sensor;

Ducted and recirculated;

Non-disassembly and wash free;

One-minute turn off delay;

Certificate

SIRIM / RCM / LOA / CoC

Installation
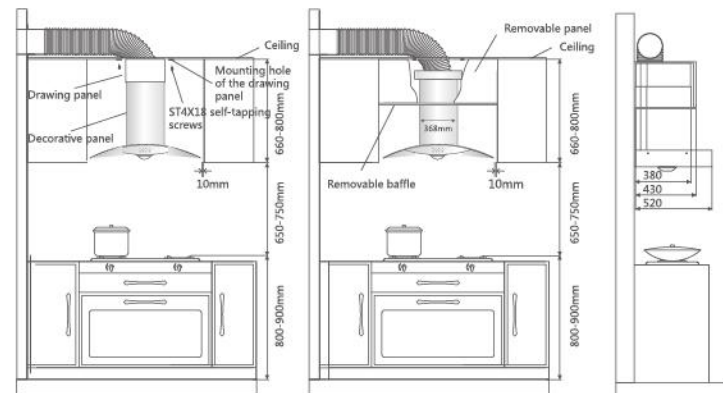

CXW-200-A608

Product Size:	600x520x500mm (WxDxH)
Motor Power:	200W
Maximum Air Flow Rate:	1020m³/h
Max Static Pressure:	310Pa
Noise:	≤ 58dB(A)

Features

Small size of 600mm;

Lovely "smile face " design;

Gas sensor&heat sensor;

Optional carbon filter;

Non-disassembly and wash free;

one-minute delay off function;

Certificate

RCM / SIRIM / ECAS / RoHS / LOA / CoC

Installation
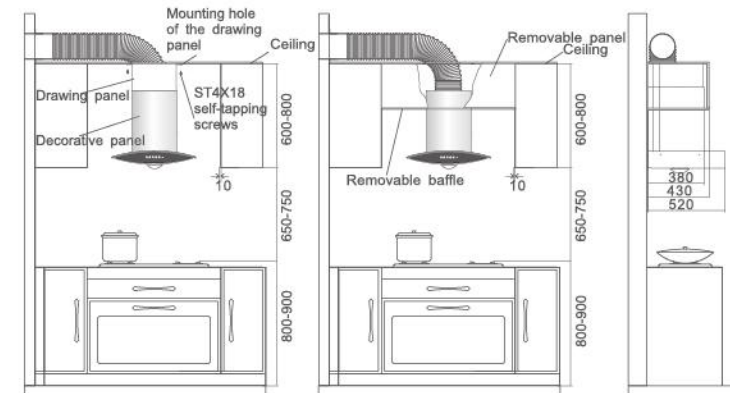

CXW-260-A675S

Product Size:	895x410x668mm (WxDxH)
Motor Power:	260W
Maximum Air Flow Rate:	1500m³/h
Max Static Pressure:	1000Pa
Noise:	≤ 50dB(A)

Features

Collect fumes in all directions，Improve your cooking experience;

1500m³/h Airflow rate, exhaust the fumes in seconds;

AI smart gesture control, by waving your hand;

Breathing ring LED light, touch control fan speed;

Special A++ oil filter，easy to clean;

Short-range of negative pressure，fumes can not run away;

Completely new system 8.0, with BLDC inverter motor;

Certificate

RCM / SIRIM

Installation
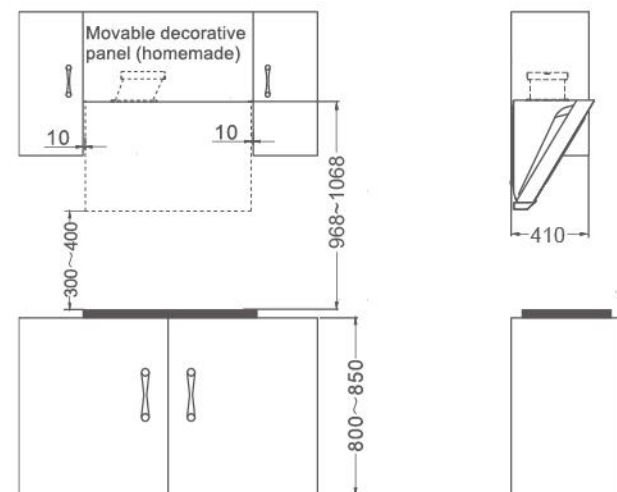

CXW-260-A672

Product Size:	29-⅞ x17-¹³/₁₆ x17-¾″(WxDxH)
Motor Power:	260W
Max Static Pressure:	450Pa
Noise:	≤ 67dB(A)

*SPECIALLY FOR NORTH AMERICAN KITCHENS 🇺🇸 (*) (*)

Features

AI smart gesture control，by waving your hand;

105° Large screen to exhaust out from all- around directions;

Turbo function for stir-fry;

Oil cup with large capacity;

Non-disassembly and wash free;

Certificate

cETLus / FCC / CEC / IC

Installation
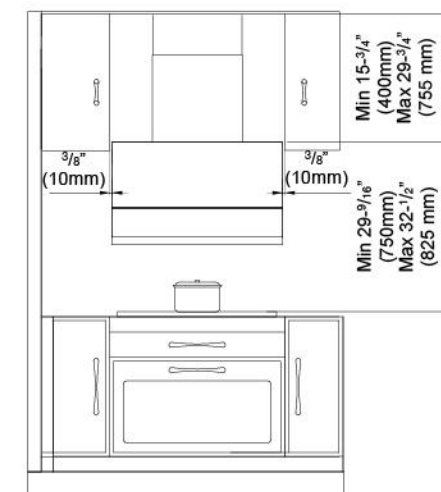

CXW-260-A671

Product Size:	29-⅞ x17-¹³/₁₆ x17-¾″(WxDxH)
Motor Power:	260W
Max Static Pressure:	450Pa
Noise:	≤ 67dB(A)

*SPECIALLY FOR NORTH AMERICAN KITCHENS 🇺🇸 (*) (*)

Features

Waving sensor;

Large screen to suck from all- around directions;

Turbo function for stir-fry;

Easily removable filter;

Oil cup with large capacity;

Non-disassembly and wash free;

Certificate

cETLus / FCC / CEC / IC

Installation
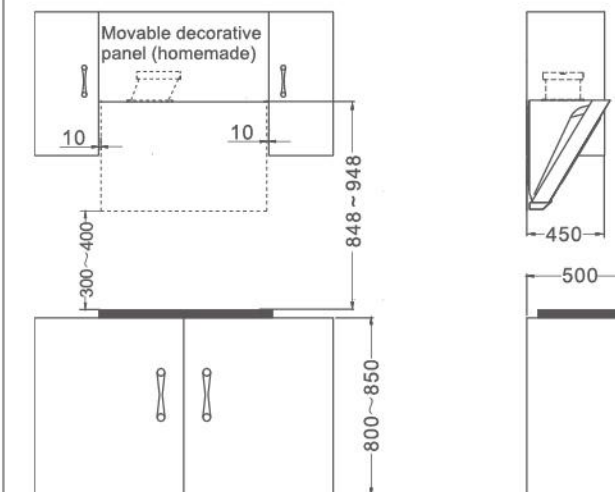

CXW-220-A670

Product Size:	895x399x548mm (WxDxH)

Installation

JZ(Y/T)-B292

Product Size:	780x450x142mm
Installation Size:	700x400mm
Heat Flow (kW):	4.6x2
Flame Failure Device:	Yes

Features

5.0 kW strong firepower, so the heat can penetrate to ingredients fast and uniformly with delicious flavor;

The Innovative technology 3D flame equips with 172 direct-fire holes which improves combustion efficiency and burning uniformly;

Eight-directions oxygen intake channel supplies circulating oxygen and the flame sprays steadily without shake;

Increase the diameter of aluminum alloy base, so the power supply and efficiency can be improved;

Certificate

EN30
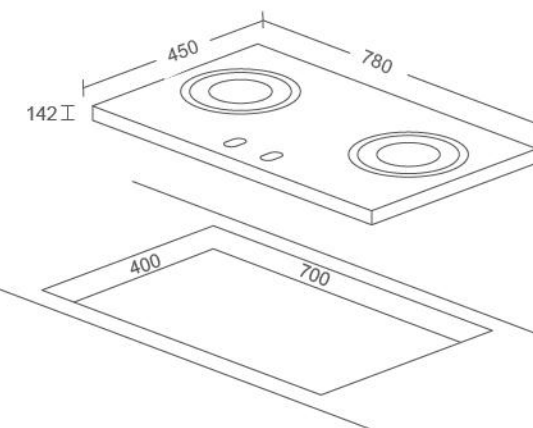

Installation

JZ(Y/T)-B397

Product Size:	860x450x160mm
Installation Size:	760x400mm
Heat Flow (kW):	4.5x2, 1.8x1
Heat Flow (kW):	4.2x2, 1.6x1
Flame Failure Device:	Yes

Features

4.5kW Heat flow rate;

High quality copper burners;

112 Flaming holes with muti angle makes the fire well-distributed;

Easy cleaning with removable burner;

8mm Tempered glass surface;

Flame failure protection;

Certificate
