# **HAZMAT Equipment**

## *Catalogue 2024*

## OUR HAZMAT CAPABILITY

When working with chemicals, quality HAZMAT equipment are vital to ensure the safety of its users. At FRSA, we pride ourselves on our high quality products provided by our high quality suppliers. In the HAZMAT scene, we have a long list of products that perform at the highest level and are compliant with all of the Australian and International Standards including AS/NZ, EN and NFPA.

Chemical identification devices, gas monitors, chemical suits, gloves, and spill response kits are just some of the range of products FRSA can provide in the HAZMAT scene.

This catalogue provides insight into our range, however our capability extends well beyond this list. For more information on the products in this catalogue or any other products in this discipline, contact FRSA.
