EVENT DETAILS

Technology and the pandemic have changed the face of modern love. People now prefer to find partners online, causing reduced interaction between couples and family members, leading to a lack of emotional depth.

Singles' markets provide a platform to meet new people, relieve work pressure, and strengthen relationships with friends and family. Not only for singles, it offers a chance to relax and unwind while meeting new people through the event.

LOVE | SINGLE | COUPLE | FAMILY | CULTURAL | TRADITIONAL

SINGLES' MARKET, a 3-week street market that offers a variety of products, cultural performances, foods, and activities to create an immersive experience for visitors. By supporting the local market, attendees can enjoy a unique and diverse event that highlights the community's culture and traditions.
