

# SHOP POLICIES

---

Please read the following policies and  
guidelines before purchasing.

# CLOTHING MEASUREMENTS

---

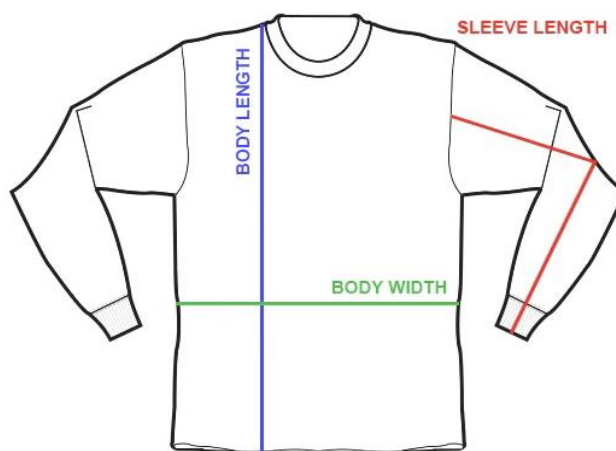

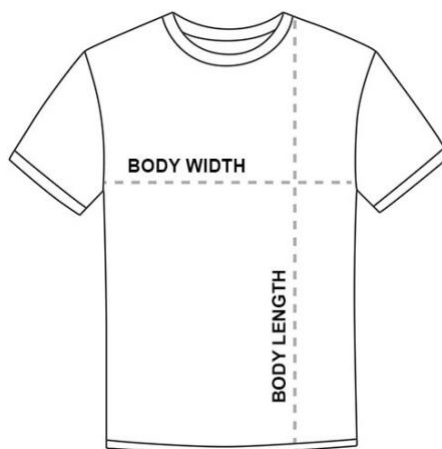

All clothing will include the sizing as it appears on its tag. However, I do understand some manufacturers and brands run bigger or smaller than conventional sizing so for added buyer convenience I provide accurate width and length measurements of the item in the text portion of the listing right beneath the photo.

- **Width** or **Chest (Pit to Pit)** is measured starting from underneath the armpit at the seam where the sleeve meets the body of the garment and finishing at the other armpit seam that is directly across the chest.
- **Length** is measured starting from the back most seam of the garment's collar and finishing at the bottom of the hemline. In other words, from top to bottom.

All measurements are done in **inches**.

## LONG SLEEVE GARMENTS

- **Sleeve Length** is measured starting from the top of the shoulder at the seam where the sleeve meets the body of the garment and finishing at the cuff (wrist).

# CLOTHING CONDITION

---

Clothing is shipped from a pet and smoke free home.

Garments **without store tags** are lightly washed in accordance to their care label's wash instructions and are in '**Ready to Wear**' condition upon delivery. Garments **with store tags** are **not** washed to preserve their original new condition and will be listed as **NWT** (new with tags). Similarly, garments **without store tags** but **brand new** will **not** be washed to preserve their original condition and will be listed as **NWOT** (new without tags). An item listed as **NIB** is New In Box.

- **Fading, creasing, cracking** and regular **signs of wear** on **vintage pieces** are to be expected due to age.
- Substantial **flaws, defects** or **damages** (holes, rips, stains, etc.) if any, are either photographed and or mentioned in the item description.
- Items marked as "**excellent condition**" have very minor to no flaws.

## OFFERS

---

Should you see something that tickles your fancy, you are welcome to make a reasonable offer on the item. However, please consider that much research is done on my behalf in regards to the item's valuation and that both Depop fees and the buyer's shipping costs are taken into account before I price any item.

Kindly, I must limit my response to only **one** counter offer to save us both time.
