HOW ARE WE ?

Founded in 1998, ADEP (Association pour le Développement de l'Éducation Permanente) is a not-for-profit training centre for the general public in situations of social, professional and cultural integration in the fields of key skills, digital skills and soft skills.

It is a learning territory factory whose aim is to create the conditions in the field of lifelong learning, in a spirit of emancipation, for a successful inclusive transition in the light of the climatic, ecological, technological, economic, social and cultural challenges.

FOR WHAT ?
