**Hosted by Pasadena City College**

## Greetings from the 3C2A!

Enjoy today's competition! As is the case with any organized activity, what you see today doesn't begin to scratch the surface of what it takes to get to this point - the game! Behind the scenes in each one of our 112 member colleges are the "worker bees" and from day 1 when a student shows interest in participating in intercollegiate athletics "the hive" is abuzz with activity. Several steps take place before a student can become a student-athlete to ensure that all of the nearly 24,000 student-athletes are eligible to participate. I would like to publicly recognize and thank our behind-the-scenes athletic staff members and other College personnel for their tireless dedication to make sure their athletic program operates within the rules of the 3C2A and all of the participants have been cleared to participate.

The 3C2A sponsors 26 championships for its 25 sports and each one brings a level of excitement that leads to great memories. Throughout the state, fans can watch tremendous student-athletes representing their colleges with distinction and we know this championship will continue that mission. We encourage you to support your local colleges as they continue to live our motto of "providing opportunities... fulfilling dreams."

The 3C2A oversees and provides administrative support for regional and state Championships for the following 25 sports: badminton, baseball, men's and women's basketball, men's and women's cross country, football, men's and women's golf, women's beach volleyball, men's and women's soccer, softball, men's and women's swimming and diving, men's and women's tennis, men's and women's track and field, men's and women's volleyball, men's and women's water polo, men's and women's wrestling.

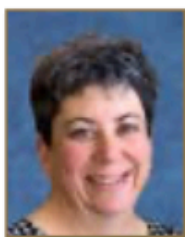

The rich history of California Community College athletics is replete with outstanding displays of athletic accomplishments featuring some of the most recognizable names in sport at any level. We are truly fortunate to continue to be able to offer opportunities for students to display their athletic abilities in pursuit of excellence. It is a privilege that we should not take for granted.

Please accept our gratitude for your continued support of California Community Colleges and their intercollegiate athletic programs. The 3C2A is proud of the student-athletes, coaches, support staffs and sponsors of all of our competing colleges. While we appreciate all of the fan support it is our utmost wish that all involved will display themselves in a positive manner. Support your team to the fullest while respecting the hard work and dedication of all participants.

# 3C2A

California Community College Athletic Association

California's community colleges are the true people's colleges. Millions of the state's citizenry owe their occupations, their job upgrades, their critical thinking abilities, their reading and writing abilities, and their tolerance, compassion and humanity to community colleges. Each year, the California Community College Athletic Association (3C2A) provides approximately 24,000 student-

athletes an opportunity to work toward and education, develop a sense of personal growth, loyalty and leadership and then continue their journey to becoming productive members of society. The 3C2A and its corporate partners celebrate the student-athletes on the most important journey of their lives.
